## WELCOME TO YOUR NORTHERN FUNDS TAX GUIDE

To help you prepare your tax returns, Northern Funds offers this 2012 Tax Guide. It includes explanations of tax forms that you may receive as a Northern Funds investor.

The 2012 Tax Guide is intended as a reference tool for year-end tax preparation. Please do not rely upon it as a source for tax advice. For specific tax questions, we encourage you to consult your tax advisor. Or you can contact the Internal Revenue Service (IRS) at 800-829-1040 or visit the IRS website at [irs.gov](http://irs.gov).

If you have questions about the tax forms provided by Northern Funds, please contact your Relationship Manager or call the Northern Funds Center at **800-595-9111**, weekdays from 7:00 a.m. to 7:00 p.m. Central Time.

### New for the 2012 Tax Year

Federal regulations require mutual fund companies to report cost basis information for mutual fund shares purchased after January 1, 2012, in all non-retirement and non-money market accounts. There are several ways to calculate cost basis. You may select a particular method, or you may default into Northern Funds' preferred calculation method of Average Cost.

Please keep in mind the method you choose may require Northern Funds to gather additional information from you, including the specific identification of shares sold on each transaction.

## MUTUAL FUND DISTRIBUTIONS

You may receive two types of distributions from the mutual funds you owned in 2012: dividends and interest earned by the fund on its investments and gains realized by the fund from selling investments at a profit. Mutual funds generally distribute all of their taxable income and capital gains.

Fund investors must report these distributions on their federal income tax returns, regardless of whether the distributions were paid out in cash or reinvested in shares of the fund. There are four types of income you can receive from distributions:

- Ordinary income distributions
- Qualified dividend income distributions
- Long-term capital gain distributions
- Tax-exempt dividends

### Ordinary Income Distributions

A mutual fund earns dividends, interest and other investment income on the securities in which it invests. After a fund deducts its expenses from investment income, it distributes the remainder to investors as a dividend. Ordinary income distributions include any short-term capital gains realized and distributed by the fund. Short-term capital gains are gains on securities the fund held for one year or less.

### Qualified Dividend Income Distributions

Qualified dividends are primarily dividends paid on stock investments, and are taxed at long-term capital gain rates.

### Long-Term Capital Gain Distributions

When a mutual fund realizes a profit from selling investments that have been held more than one year, it is allowed to pass the profit on to its investors. In the 2012 tax year long-term capital gains are generally taxed at rates no higher than 15%.

### Tax-Exempt Dividends

Interest from state and local municipal bonds is exempt from federal taxes and also is generally exempt from state taxes in the state in which the bond was issued. Mutual funds that invest in these securities generally distribute tax-exempt dividends to their investors. Some income from tax-exempt municipal bonds may be subject to the Alternative Minimum Tax.

### 2012 Tax Rates

Realized capital gains from investments are taxed according to a rate schedule ranging from a minimum of 0% to a maximum of 35%. The lower rates generally apply to investments that have been held longer.

Short-term capital gains, which are realized from the sale of investments held one year or less, are taxed at your ordinary income tax rate. These rates are indicated in the table below.

#### 2012 Tax Rate Schedules

	INDIVIDUAL	MARRIED FILING JOINTLY	MARRIED FILING SEPARATELY	HEAD OF HOUSEHOLD
10%	\$0 - 8,700	\$0 - 17,400	\$0 - 8,700	\$0 - 12,400

28%	\$85,650 - 178,650	\$142,700 - 217,450	\$71,350 - 108,725	\$122,300 - 198,050
33%	\$178,650 - 388,350	\$217,450 - 388,350	\$108,725 - 194,175	\$198,050 - 388,350
35%	More Than \$388,350	More Than \$388,350	More Than \$194,175	More Than \$388,350

*Note: The dollar ranges above represent taxable income. This table is for illustrative purposes only. While your income may place you within a particular tax bracket, a portion of your regular income may be taxed at a lower rate.*

## FORMS & STATEMENTS

Mutual fund transactions are reported on four types of 1099 Forms, two types of 5498 Forms, and a 1042-S Form. You'll receive one or more of these forms, depending on the types of funds and accounts you owned in 2012. (If you have not received the forms or statements you need from Northern Funds, please call the Northern Funds Center at **800-595-9111**.) We also are required to report this information to the IRS.

You'll need 1099 Forms to prepare your federal and state income tax returns. We encourage you to keep them in a safe place, with your year-end account statement and your federal and state tax documents.

---

### FORM 1099-DIV

You will receive this form if you received taxable and/or tax-exempt ordinary income dividends and/or capital gain distributions from nonretirement accounts during the year. Distributions are taxable whether you receive them in cash or have them reinvested in additional shares.

### FORM 1099-B

You will receive this form if you exchanged or redeemed shares from non-money market, nonretirement accounts during 2012. You'll need this information to complete Schedule D of your federal tax return.

### FORM 1099-R

You will receive this form if you received a distribution from a retirement account during the year.

### FORM 1099-Q

You will receive this form if you received a distribution from an Education Savings Account (ESA) during the year.

### FORM 5498 (IRA and ESA)

You will receive this form if you made contributions (or rollover contributions) to your Northern Funds retirement accounts or Education Savings Accounts during the year. Transfers between trustees or custodians are not reported on this or any other form. Because you may make contributions for a given tax year to your retirement account until the tax filing deadline (April 15, 2013), Form 5498 (IRA) will be mailed in April. Form 5498 for Education Savings Accounts will also be mailed in April. If you've completed your tax filing, simply verify from Form 5498 that your 1040 reporting is consistent with the contribution recorded for your Northern Funds account.

### FORM 1042-S

You will receive this form if you are a nonresident alien individual, nonresident alien fiduciary, or a foreign corporation with United States income.
